

# ***Buteressence***

*Flavours for food and feed*

Intrafood:16 takes place again!

As with previous editions, this trade fair will take place at the expo centre of Kortrijk (Belgium) on the 21<sup>st</sup> and 22<sup>nd</sup> of September.

Buteressence will participate at this specialised and compact trade fair for the food and beverages industry in the Benelux and Northern France.

This year the lay-out of the floor plan has changed into a unique format. The exhibitor booths are grouped together in uniform squares within a honeycomb like structure. Visitors are invited to walk through these modules instead of walking through aisles.

Do you fancy a cold refreshment? We invite you to taste some surprising flavour combinations, presented as a delicious summer treat. The theme we have chosen for this trade fair is 'Buteressence, naturally surprising'. You can find us on stand 601-604.

Free visit is possible with an on-line registration at the website of Intrafood:16 ([www.intrafood.be](http://www.intrafood.be)).

This is also possible via our website.
